Information Security Management System
 ISO/IEC 27001:2022

RS1Worklete, LLC d/b/a Strongarm Technologies

A-LIGN Compliance and Security, Inc. certifies that the organization operates an Information Security Management System that conforms to the requirements of ISO/IEC 27001:2022. The scope and boundaries of the ISMS is as follows:

Strongarm's Information Security Management System (ISMS) encompasses the information security aspects of the design, development, marketing, sales, promotion, and support functions related to the SafeWork Platform (Sensor, Training, and Dashboard). The boundaries of the ISMS are defined by the logical and virtual environments encompassing Strongarm's cloud-based infrastructure (primarily Amazon Web Services), SaaS applications, and the remote work environments of Strongarm personnel. As a fully remote company, physical security controls primarily apply to the secure operation of home offices and general awareness for remote workers.

The Company does not have any activities within the certification undertaken at a defined physical location, and all activities are conducted remotely.
